

Let the world in! Register your child for FLES classes this fall!

Spanish ♦ French ♦ Chinese Classes for Children

The Foreign Language in Elementary School (FLES) program brings quality Spanish, French and Mandarin Chinese instruction right to your school! Classes may be offered before or after school and are coordinated through the PTA with the cooperation of the Montgomery County Public School System. FLES classes are lively and fun, providing an exceptional educational opportunity for your child! FLES is a program of MCCPTA - Educational Programs Inc, a non-profit organization partnering with PTAs since 1975.

Why FLES?

- Children have a natural ability for language acquisition and our classes are especially designed for young learners
- Your child will be immersed in the target language during each class – and will learn about the customs and traditions of other countries
- Our teachers have experience with children and are trained in FLES curriculum and methodology
- FLES classes build confidence and provide a firm foundation for continued foreign language learning
- Thousands of children throughout our region currently participate in FLES classes – join us!
